

## Purchase Contract / Health Guarantee

Thank you for purchasing one of our Golden Retrievers. We strive to breed and raise quality puppies and dogs. We fell in love with this breed 29 years ago and long to be a part of producing not only quality but healthy and sound puppies. **Lets face it "life is better with a Golden".**

1. Puppy must be seen by a vet within 72 hours of leaving the breeder's home. In the event the buyer's Veterinarian finds and provides a document stating said puppy has an existing health problem at the time of pick up, a full refund or reimbursement for reasonable veterinary fees, provide reimbursement do not exceed the original purchase price of the puppy. (excluding worms, giardia, coccidia and fleas as these are common and can be picked up anywhere.) We do not cover bladder infections as they are common in small puppies when adjusting to new surroundings. In the event that 1 testicle does not descend, it is the buyer's responsibility to have corrected at time of fixing male not breeders, as breeders can not see the future. Some males do not drop testicles until past the age of leaving the breeder. If you choose to have a full refund, the puppy will be returned to the breeder, at the owner's expense, no later than 5 days after purchase. The Veterinarian fees that are incurred prior to return of the puppy will be the responsibility of the buyer. Buyer MUST contact the breeder about any conditions their vet feels is/are present prior to beginning any therapy or treatment.
2. All puppies are guaranteed (1) one year from date of purchase against heart, eyes, hips and elbow defects resulting in death or severe onset debilitation. As we may test our Golden Retrievers but can not foresee the future.. We reserve the right to ask for a second opinion from the breeders Veterinarian if circumstances are questionable; transportation is at buyers expense. If one of the previously listed disorders are discovered within the allotted time frame, the buyer may return the puppy to the breeder for a puppy from an upcoming litter; we do not refund money. The buyer "owner" may decide to keep the puppy and void a replacement puppy and health guarantee.
3. In the event a puppy/adult Golden Retriever from Elite White Golden Retrievers is no longer able to be kept or cared for by the approved family chosen by the breeder of Elite White Golden Retrievers it will be returned to the breeder.. Refunds if applicable will be determined based on health, medical needs and condition of puppy/adult at that time. This is based on veterinary check, behavior assessment and care needed before being re-homed. Along with rehoming based on a puppy/ adult dog's individual circumstances.
